SPECIAL PRICE OFFER!

Dear Reader:

Here is a bargain if there ever was one!

Now you can get --

10 Big Issues of ELECTRONICS ILLUSTRATED for only \$2.98*

This saves you \$2.02 over the regular subscription or single copy price.

We are making this offer to a selected list of readers who can fully appreciate ELECTRONICS ILLUSTRATED, the best all-around magazine for the man interested in any facet of hobby electronics. EI offers all the top writers in the field, more features in each issue than any other electronics magazine, clearly-written articles covering the complete range of hobby electronics, and large illustrations with easily followed step-by-step assembly instructions.

Whatever your special interest in electronics, you'll find it featured in EI: Citizens Band radio...amateur radio...test equipment...theory and practice for beginners and advanced hobbyists...automotive electronics...medical electronics...military and industrial electronics...radio control...experimental projects...tape recording...computers...television...employment and careers in electronics...radio and TV repair -- YOU NAME IT, EI HAS IT!

How much do you get in a typical issue of EI?

Our most recent issue contains thirty features -- a generous selection of good reading and good building for electronic enthusiasts. Just glance at the list on the reverse side of this letter for a few of our recent articles and construction projects and you'll see why you should become an EI subscriber now! A subscription is your guarantee that you won't miss a single issue in the future.
